

How to Run Sales Dashboard Code

Friday, 18 April 2025 09:29

1. Backend

a. Run the virtual environment

```
cd backend  
salesEnv\Scripts\activate
```

b. Run the program

```
uvicorn main:app --host 0.0.0.0 --port 8000 --reload
```

c. Test the program on postman

2. Frontend

a. Run the program

```
cd frontend  
npm run dev
```

b. Test the url on <http://localhost:3000/>
